Dear Sir

With pleasure we are confirming that Mr. V.S.Dave – Proprietor of Hymat Services are providing his Consultancy Services for Hydraulics and Oil Management to us in achieving our target of “ZERO BREAK DOWN”.

We have implemented his recommendations and methodology for Reliability Maintenance and Root Cause Analyses have helped us in achieving reduction in break downs and we look forward for substantial cost savings in operations.

We have more than 80 Die Casting Machines at our 8 plants in Poona and Jaipur. He has conducted in house training program at both the places. He has visited our Poona and Jaipur Plants during 2017-18 and has trained our 35 to 40 Engineers, Plant Operators and Supervisors in Maintaining the Hydraulic System in up to date conditions. We found his training very useful in understanding our Hydraulic Problems and have cleared many doubts.

We found Mr. Dave a very sincere and experienced Expert in Hydraulic Power Transmissions systems and components. We strongly recommend his training and Technical Consultancy for any kind of Hydraulic Problems.

We wish him good luck in his all future endeavors.

Sachin Jagtap
